Call for Posters
24. Siteman Cancer Center Prevention & Control Research Program 2015 Fall Symposium

25. Institute for Public Health Annual Conference

WHEN: Wednesday afternoons at 4:00 PM, beginning August 26th
WHERE: Holden Auditorium, Farrell Learning and Teaching Center (*except where noted in the attached flyer and on the website)
WHO CAN ATTEND: This lecture series is designed for clinicians and other interested persons, including basic science researchers, students, residents, fellows, post-doctoral scholars, and anyone else who wishes to learn more about these topics from WUSM faculty experts
This seminar series is a collaboration between the Departments of Genetics, Medicine, Pathology & Immunology, Pediatrics, and Becker Medical Library. The series is sponsored by the Washington University Institute of Clinical and Translational Sciences, NIH award U11 TR000448.
MORE INFORMATION: Check out https://becker.wustl.edu/GenomicMedicine and email vanam@wustl.edu or dondevon@wusm.wustl.edu with any questions.
2. Connections Info Session
Would you like to meet new people on campus, learn about other cultures, and enjoy a free lunch twice a month? Great, Connections is the group for you! Connections is a student led initiative that promotes inclusion and encourages its members to explore their diverse identities. Please join us for our first meeting of the semester, August 28th in FLTC 301. Lunch will be provided! All are welcome, so come and bring a friend!

Who - Anyone and everyone who is interested! Graduate students, post-docs, and staff
When/Where - We meet twice a month on Fridays over free lunch!
Why – Meet new people · broaden your world view · culture awareness · share your experiences · free lunches · in-depth dialogue · field trips
How – We provide a safe space to learn and discuss diversity topics. Connections generates a sense of community for students of all backgrounds.
Meetings - The first meeting of the month will take place on the medical campus and will consist of a lecture on a specific diversity topic. The second meeting of the month will take place on both campuses and will consist of a discussion centered on the previous topic. Free lunch will be provided at both!

Cookies and Beer – Once a month we will hold a cookies and beer event, where we can all get together to for some great discussions and academic support.
To learn more contact: dbbsconnections@gmail.com
Facebook - Wash U Connections Twitter - @WU_Connections

We hope to see you!

3. WUSM Summer Concert
What: The 2015 Summer Concert
When: Saturday August 29, 2015 at 4 pm, followed by a reception.
Where: Lobby of the Center for Advanced Medicine (SW corner of Euclid and Forest Park Avenues, entrance at 4921 Parkview Place). Parking available at the North Garage (224 South Euclid, corner of Euclid and Parkview Place).
Summer Concert featuring musical performances by members of Washington University Medical Center community – faculty, staff, and students. Soloists and ensembles, including vocalists and instrumentalists, of different musical genres will perform. This is a great opportunity to enjoy music, and to mingle at the reception afterwards. It is free and open to the public
For more information or if you are interested in performing at future concerts, please contact Alex Weymann at Weymann_A@kids.wustl.edu. Students, faculty, and staff of WUSM, BJH, SLCH, and the Goldfarb School of Nursing are all welcome to perform. Our Concerts have been hugely successful, with audiences of hundreds attending.
This event is sponsored by the Department of Pathology and Immunology of WUSM and the Arts + Healthcare Program of BJH.

4. Writing a Teaching Philosophy Statement
Tuesday, September 1st, 3:30pm, FLTC Holden Auditorium
If you are applying for a faculty position, it is increasingly likely that you will be asked to submit a teaching philosophy statement (TPS) during the application process. This workshop will help you write and revise a TPS, a process that will allow you to demonstrate your commitment to teaching as you describe the goals and methods that shape your teaching. Participants will learn about why academic-search committees request teaching materials such as the TPS, and how search committees use these materials to assess candidates’ qualifications for teaching.
Presenter: Michelle Repice, PhD, Assistant Director of Academic Services, The Teaching Center
Please register at http://dbbs.wustl.edu/Resources/Pages/calendar_event.aspx?EvID=3797

5. CRTC Career Development Seminar
Tuesday, September 01, 2015 2:30PM - 4:30PM, Cori Auditorium, McDonnell Medical Sciences Building
Promoting Professionalism: Addressing Behaviors that Undermine a Culture of Safety, Reliability, and Accountability
James W. Pichert, PhD, Vanderbilt University
Seminar is free and open to all. No registration is necessary.
Contact Jen Mosher (jmosher@dom.wustl.edu) or visit the CRTC website, crtc.wustl.edu with questions.

6. Oystir Webinars
Oystir.com is a new free website helping PhDs find jobs. Co-founder and former McKinsey consultant Rudy Bellani, PhD will be hosting a series of webinars on biotech, consulting and PhD career development. Registration is limited to the first 100 sign ups and they are giving a special early invitation to Wash U postdocs.
The full list of events is at oystir.com/events. Here are a select few:

Consulting Prep: Nail the Personal Fit Interview, Get the Offer
PhDs often ace the case, but flunk the fit interview. Oystir Co-Founder and former McKinsey consultant Rudy Bellani, PhD will share his insider tips on the personal fit interview. The session will feature a candid Q&A session to answer your questions about the application and how best to prepare and position yourself.

**7. ProSPER Information Sessions**

Washington University in St. Louis Graduate Students Promoting Science Policy, Education, and Research (ProSPER) is a university-wide graduate student group that promotes the use of science in policy-making through science advocacy and literacy, facilitating inter-professional communication, and increasing scientist participation in policy. The group holds a variety of events, including member education events, case studies on how scientists have been involved in science advocacy, and panel discussions.

ProSPER Information Sessions
- **Session 1**: 5:30 - 6:30 pm on Wednesday, September 2, 2015, Danforth University Center Room 300 (Danforth Campus)
- **Session 2**: 5:30 - 6:30 pm on Thursday, September 3, 2015, Farrell Learning and Teaching Center Room 209 (Medical Campus)

ProSPER is excited to tell you about our plans for this year! Join us at either of the information sessions to enjoy some refreshments and hear about the opportunities available to you this year.

http://gradpages.wustl.edu/prosper

**8. Fellowship Writing Workshop**

Registration is now open! We’ve updated our annual grant writing workshop, combined it with each graduate student workshop, and there will be lectures and small groups at both campuses. There will be two lecture sessions, and then three small group sessions. You must attend the two lectures in order to participate in the small groups. Lecture 1 will be 9/9 (med) or 9/14 (Danforth) and Lecture 2 will be 9/16 (Med) or 9/17 (Danforth) with small groups starting 9/23.

Postdocs should register for the Advanced sessions. The deadline to sign up for the lectures and small groups is September 8th. In order to attend the Small Group Sessions you must attend both Seminar 1 and 2 and register for the small groups sessions. However, all are welcome to attend the first seminar without an obligation to attend the small group sessions.

- **Seminar 1**: “Grant Logistics & Panel Discussion”
  - Medical Campus - September 9th, 3pm-5pm or Danforth Campus - September 14th, 3-5pm
- **Seminar 2**: “Writing Personal Statements”
  - Medical Campus - Sept. 16th 3pm-5pm or Danforth Campus - September 17th 3pm-5pm

Students/Postdocs should attend only one “Seminar 1” and one “Seminar 2” session. You may attend at either campus, no matter where you spend most of your lab time.

- **Small Group Mentoring Sessions**
  - 9/23*, 10/7, and 10/21 from 4-5:30pm at both campuses

*Recognizing that this is Yom Kippur, we will have some groups that do not meet on 9/23 in order to allow for observance of the holiday and participation in this workshop.

More information & registration is online at http://graduateschool.wustl.edu/fellowship-writing-workshop-2015. Registration is required and the deadline is Sept. 8th.

**9. Spotlight on Women in Medicine & Science**

September 10, 2015, 12:45-2:45, Schwarz Auditorium

Ana Maria Arbelaez, M.D., Assistant Professor of Pediatrics, Elaine Mardis, Ph.D., Professor of Genetics and Angela Brown, M.D., Associate Professor of Cardiology will highlight their work in diverse fields of science as well as share the unique challenges they have faced in their careers in academic medicine. The closing discussion panel will focus on career challenges with Victoria Fraser, M.D., Chair of Medicine and Lilianna Solnica-Krezel, Ph.D, Chair of Developmental Biology. Please register at https://www.surveymonkey.com/r/SWIMS2015.
10. ProSPER Happy Hour
Promoting Science Policy, Education, and Research
When: 6:00 - 8:00 pm on Thursday, September 10, 2015
Where: Llywelyn's Pub in the Central West End
Come and enjoy food and fun and meet your fellow ProSPER members!
http://gradpages.wustl.edu/prosper

11. WashU Postdoc Society Meeting
Monday, September 14, 2015 at 12noon, FLTC 210
The WU Postdoc Society is actively seeking members!! If you are interested in getting involved in the WU Postdoc Society, please join us for a meeting on Monday, September 14th at 12:00p in the FLTC, Room 210. All postdocs are welcome - we hope to see you there! If you have any questions, please contact Lydia-Ann Harris at LAHARRIS@dom.wustl.edu.
Sponsored by the Wash U Postdoc Society

12. WU Fall Career Fair
Thursday, September 17 from 4:00 - 8:00 p.m. and Friday, September 18 from 10:00 - 2:00 p.m.
Mallinckrodt Center, Danforth Campus
Sponsored by the Career Center at Washington University in St. Louis and the National Society of Black Engineers (NSBE)
The Danforth Campus will host local and national organizations for two days for the Fall Internship & Job Career Fair held in Mallinckrodt Center. Employers will only participate in one day of the fair to allow for more employers to participate. Both days will be unique opportunities for students to engage a variety of employers.
Registered employers include: Employers will be hiring for both internships and full-time positions.
Click here to view the registered employers for Thursday, Sept 17.
Click here to view the registered employers for Friday, Sept 18.
“The Career Fair is a great opportunity for all of our students to connect with a diverse array of employers, from corporations to nonprofits, for internships and full-time positions,” said Mark Smith, Associate Vice Chancellor and Director of the Career Center.
The week before the fair, many organizations will host information sessions allowing students to find out more about their organizations. Students are encouraged to research positions and sign up for events by logging into CAREERlink, the Career Center’s interactive database of jobs and internships. Additional help is available during Quick Question drop-in hours and Quick Advising Hours. The fair will provide WUSTL students a unique opportunity to meet and interview with dozens of potential employers in a short amount of time. All WUSTL students and alumni are invited to attend. Professional attire (a suit) is strongly recommended. For more information log into CAREERlink or call (314) 935-5930.

13. Postdoc-PI Happy Hour
National Postdoc Appreciation Postdoc Week is Sept. 21-25! To celebrate, all postdocs and their faculty advisors are invited to join us for the Annual Postdoc-PI Happy Hour on Monday, Sept. 21st at 4:30pm in the FLTC Hearth. Snacks, cake, beer & wine will be served! Please register at http://dbbs.wustl.edu/Resources/Pages/calendar_event.aspx?EvID=3799

14. Postdoc Tuition Benefit at UCollege
Last chance to register for Fall Classes!!
Benefits-eligible Postdoctoral Research Scholars/Associates are eligible for the Postdoctoral Tuition Remission Benefit. Postdocs may take undergraduate classes (classes that begin with a 1, 2, 3 or 4) at University College only for career development purposes. Postdocs may take up to 4 credits per semester and a passing grade is required. Please visit http://ucollege.wustl.edu and click “Registration” to access course listings, registration procedures and other policies and procedures. Classes must relate to your professional development. Visit http://dbbs.wustl.edu/Postdocs/PoliciesBenefits/Pages/PostdocTuitionBenefit.aspx to review the policy and registration procedures.
Classes you may be interested in:
U29 Bio 4902: Introduction to the Scholarship of Teaching and Learning (more info below)
English Language Programs classes (U15 ELP)
U15 202: Talking to Americans: Casual and Professional Conversations, 1.5 units, Thursdays, 5:30-7:00pm, Med Campus
U15 213: Research Writing for the Sciences, 3 units, Tuesdays, 4:00-7:00pm, Med Campus
U15 270: Presentation Skills for the Sciences, 2 units, Wednesdays, 5:30-7:30pm, Med Campus
More information at http://oiss.wustl.edu/english-language-programs or email elp@wustl.edu.

15. Introduction to the Scholarship of Teaching and Learning
The Teaching Center is pleased to announce that registration is open for the Fall 2015 Introduction to Scholarship of Teaching and Learning course. This course is a required component of the Practitioner Level of the WU-CIRTL Program for Future Faculty in STEM.
Graduate students and postdocs in STEM who have completed at least three STEM Pedagogies workshops are encouraged to register.*

Introduction to the Scholarship of Teaching and Learning - L41 BIOL 5902/U29 Bio 4902

This 1-credit course meets weekly on Thursdays from 12:00 noon to 1:00 pm on the Danforth campus, starting August 27, 2015. In this course, advanced graduate students and postdocs will

- Learn the fundamentals of the Scholarship of Teaching and Learning (SoTL), which involves developing, reflecting on, and evaluating teaching methods to improve student learning.
- Develop a working knowledge of SoTL, drawing on research in education, STEM education, and cognitive science.
- Understand how SoTL can lead to the dissemination of new knowledge to a broad audience of educators through publication and presentations.
- Develop the central elements of a SoTL research project.

*To register for this course, advanced graduate students and postdocs in STEM should have completed at least one semester of teaching experience as well as three of The Teaching Center’s STEM Pedagogies workshops (1 must be a foundational topic) -- or received approval from one of the course instructors.

The course may be found at https://acadinfo.wustl.edu/CourseListings/Semester/Listing.aspx. (Search under Fall 2015—Arts & Sciences/Biology and Biological Sciences OR University College/Biology).

Registration is limited to 15 enrollees.

Course instructors:
Erin D. Solomon, Ph.D., AAU Project Manager, The Teaching Center and CIRCLE
Emily Cohen-Shikora, Ph.D., SoTL Fellowship Program Manager, The Teaching Center

For more information about the course or the WU-CIRTL program, please email Dr. Denise Leonard at dleonard23@wustl.edu.

16. Elsevier Research Ambassadors Program

Interested in becoming more involved in scientific writing while gaining visibility for research? Elsevier is offering a program they’re calling Research Ambassadors. Research Ambassadors are early career researchers who will work closely with the publisher and editors of specific Elsevier journals in their area of expertise to monitor accepted papers each month and select the most relevant papers with a policy and/or societal impact focus. After selecting an article, the ambassador will contact the corresponding author to offer to write a "layman translation" of their paper. The author will have final approval of the lay summary.

Beyond career experience, the position also offers the following benefits:
- The chance to work closely with journal author, editors, publishers and the Mendeley team
- Access to new and novel research
- Full access to ScienceDirect and Scopus
- Mendeley Premium Account
- Inclusion in new Mendeley Resources group, with the opportunity to talk with fellow ambassadors and share best practices
- Priority to contribute to Mendeley blog to profile your layman translations
- Mendeley will feature impactful translations in their Advisor and Librarian newsletters
- Stepping stone to become future journal reviewers, authors, Editorial Board members and editors

17. Elsevier Postdoc Free Access Program

For scholars who recently received their PhDs and currently do not have a research position, Elsevier is pleased to offer unlimited complimentary access to all our journals and books on ScienceDirect, for up to 12 months*. This program allows those who qualify to have access to scientific journals and books in their field. Please visit http://www.elsevier.com/authors/journal-authors/an-opportunity-for-postdoctoral-scholars to review eligibility criteria and to apply.

18. CIRTL Fall 2015 courses

CIRTL courses are an opportunity to engage in an interactive and synchronous or hybrid online learning experience with other students and instructors from across the CIRTL Network. Graduate students and postdoctoral fellows in a STEM or SBE (social, behavioral, economic) field and from a CIRTL Network institution are given priority registration. Registration is open until Wednesday, Sept. 2nd.

Fall 2015 Courses:
Teaching with Technology
Service-Learning in STEM Classrooms:
Introduction to Pedagogy and Practice
Developing a Teaching Portfolio
Diversity in the College Classroom
Creating Assessments and Evaluation Plans Short Course
Registration open at [www.cirtl.net/upcoming courses](http://www.cirtl.net/upcoming courses). Please e-mail registration@cirtl.net with any questions or concerns about the CIRTL courses.

**19. AACR Associate Member Council**
Graduate students, medical students or residents, and clinical or postdoctoral fellows with demonstrated leadership potential are sought as candidates for the American Association for Cancer Research (AACR) Associate Member Council. Through a competitive selection process, four Associate Members will be selected to serve three-year leadership terms, starting at the AACR Annual Meeting 2016 and concluding at the AACR Annual Meeting 2019. Candidates must be recommended by their mentor and submit a complete Application for Candidacy online in order to be considered for selection. The application, full eligibility criteria, and detailed information about the AACR Associate Member Council may be found on our [website](http://crtc.wustl.edu/training/oncologyr25.html). The deadline for application is August 26, 2015.

**20. Cancer Genomics and Outcomes Research STRENGTH Program**
*An Online Training Program for Residents, Fellows & Jr. Faculty*
The STRENGTH (Short-Term Education and Growth Through Hands-On Experience) Program is currently seeking applications. This online training program is designed for postdoctoral scholars (PhDs or MDs) who are still training or Junior Faculty who are interested in pursuing patient oriented cancer research. The STRENGTH program will provide didactic training which includes online learning modules, hands-on lab experience, ongoing mentor research, career development seminars and some funding for research-related expenses and travel to scientific meetings. For more information please visit [The STRENGTH Program](https://www.aaas.org/) webpage for more information. This R25 education program applies state-of-the-art techniques to educate postdoctoral researchers in the emerging disciplines of cancer genomics and outcome research for cancer prevention, treatment and control. Short-term educational and research experience programs are combined to provide a comprehensive foundation for postdoctoral clinicians and researchers interested in pursuing academic careers in cancer genomics and outcomes research. Eligible applicants must be citizens or non-citizen nationals of the United States, or have been lawfully admitted to the United States for permanent residence. STRENGTH Program scholars must have the support of a mentor from the approved list, visit the website for the list. [The Application Deadline is October 1st](http://crtc.wustl.edu/training/). Please see: [AACR Associate Member Council](http://crtc.wustl.edu/training/oncologyr25.html).

**21. Christine Mirzayan Science & Technology Policy Graduate Fellowship Program**
The Christine Mirzayan Science & Technology Policy Graduate Fellowship Program is now accepting applications for the 2016 season to spend 12 weeks at the Academies in Washington, DC learning about science and technology policy and the role that scientists and engineers play in advising the nation. Graduate and professional school students and those who have completed graduate studies within the last five years may apply. The application deadline is September 9, 2015. Please see: [http://tinyurl.com/qcg8rw8](http://tinyurl.com/qcg8rw8)

**22. AAAS Science & Technology Policy Fellowships (STPF)**
*Providing opportunities for scientists and engineers to learn first-hand about policymaking while contributing their knowledge and analytical skills in the federal policy realm.*
The AAAS Science & Technology Policy Fellowships (STPF) provide opportunities for professional development and public service. AAAS, as part of its mandate to advance science and serve society, operates the S&T Policy Fellowship Program. The aim is to foster scientifically informed, evidence-based policy and practice by involving scientists and engineers from a broad range of disciplines, backgrounds and career stages, and to build leadership for a strong S&T enterprise that benefits all people. Fellows use their knowledge and analytical skills while learning first-hand about policymaking and implementation at the federal level.
The Executive, Congressional, and Judicial Branch Fellowships Application deadline is November 1, 11:59 p.m. ET

**23. WU Cancer Genomics and Outcomes Research STRENGTH Program**
Cancer Genomics and Outcomes Research STRENGTH Program - An Online Training Program for Residents, Fellows and Jr. Faculty
The STRENGTH (Short-Term Research Education and Growth Through Hands-On Experience) Program is designed for postdoctoral scholars (PhDs or MDs) who are still training or Junior Faculty who are interested in pursuing patient oriented cancer research. This R25 education program applies state-of-the-art techniques to educate postdoctoral researchers in the emerging disciplines of cancer genomics and outcomes research for cancer prevention, treatment and control. Short-term educational and research experience programs are combined to provide a comprehensive foundation for postdoctoral clinicians and researchers interested in pursuing academic careers in cancer genomics and outcomes research. Applicants must have an MD or PhD degree, be interested in patient oriented cancer research and be a US Citizen, non-citizen national or permanent resident.
The deadline: [October 1st, 5:00 PM CST](http://crtc.wustl.edu/training/programs/postdoctoral-programs/197-oncologyr25.html)
24. Siteman Cancer Center Prevention & Control Research Program 2015 Fall Symposium

**Wednesday, September 30th, 2015  8:30 am –1:30 pm**

The Prevention & Control Program will be holding a Fall symposium on *Social Dynamics and Policy Influencing Health*. We invite all graduate students and postdoctoral fellows from WUSTL (Danforth and Medical Campus) and SLUCPHSJ to participate in the poster session. All poster topics related to cancer prevention & control, as well as dissemination & implementation, are welcome. Posters will be on display from 8:30am - 1:30pm with viewing sessions throughout the event. Posters should be no larger than 3'x4' (HxW). A $250 prize will be awarded for the best poster presented.

Please submit a poster abstract (150 word limit) by 5:00pm on **Friday, September 18th** to Jaclyn McGuire (mcguirej@wustl.edu). Include your name, department, school, and a complete list of authors and affiliations.

25. Institute for Public Health Annual Conference

November 19th  [http://publichealth.wustl.edu/about/conference](http://publichealth.wustl.edu/about/conference)

CALL FOR POSTERS!! This year’s conference will focus on public health threats of all kinds. We will look at preparing for threats, learning from past threats, protecting vulnerable populations from threats, and more. We invite you to submit poster abstracts that relate to this theme. We are also accepting abstracts on general public health topics. Poster space is limited. **Deadline September 21, 2015 at 5pm. Submit your abstract.**

**POSTDOC HOODIES!**

We are down to the last box of postdoc hoodies. Stop by the office between 9am-4pm to purchase your hoodie, on sale for $15 each, cash only please and exact change is appreciated. We have sizes Small, Medium and Large in navy blue. Now is the time to buy! Questions? email postdoc@wusm.wustl.edu.

Don’t forget to check out the DBBS Jobs Board at [http://dbbs.wustl.edu/jobs](http://dbbs.wustl.edu/jobs). We have posted Career positions and postdoctoral positions both at WU and elsewhere. The board is self-service, so feel free to post jobs, or forward the site to others who may want to post a job.

**We are on Facebook & Twitter!** The audience for both accounts is current WU postdocs but they are open anyone, so please like our FB page and follow us on Twitter! We’ll be posting info about OPA & WUPS events and Career Center activities as well as other events and items of interest to postdocs. You can find us at:

- **Facebook**: [https://www.facebook.com/OPA.WUSTL](https://www.facebook.com/OPA.WUSTL), Washington University Office of Postdoctoral Affairs
- **Twitter**: @WUSTLPostdoc, WUSTL Postdoc Office [http://twitter.com/wustlpostdoc](http://twitter.com/wustlpostdoc)

We also have a **LinkedIn Group** for current & alumni postdocs – [Washington University in St. Louis Postdocs](https://www.linkedin.com/groups?gid=3024550) - please join if you haven’t already. This is a private group for career development and networking and is meant to help postdocs keep in touch, especially after they complete their postdoc.

*This newsletter was created for STEM (Science, Technology, Engineering and Math) Postdoctoral Appointees at Washington University. You have received this email because you have been identified as a postdoc or other associated with postdoc functions. If you have questions, please contact Mary Bradley at bradleym@wustl.edu or 362-2591.*
