Nov. 17, 5-8 pm, Connor Auditorium

The Association of American Universities (AAU) released the findings of its comprehensive survey about sexual assault and misconduct on college campuses. Conducted this spring, the survey collected data from some 800,000 undergraduate, graduate and professional students at 27 colleges and universities across the nation, including Washington University in St. Louis. A task force created last fall at Washington University to study issues of sexual assault and relationship violence has completed its work and is
Sexual Violence Prevention (RSVP)

1. Enhancing the Visibility and Impact of Your Research

The Institute of Clinical and Translational Sciences, in cooperation with the Bernard Becker Medical Library, is offering a workshop:

**Enhancing the Visibility and Impact of Your Research**

Wednesday, November 18, 2015

Noon - 1 pm, Farrell Learning and Teaching Center, Room 214

The workshop will cover various strategies for participants to consider as they undertake research activities. The strategies are divided into three categories: 1) Preparing for Publication, 2) Dissemination, and 3) Tracking Your Research. After attending this workshop, participants will be able to better understand tools and approaches that can be used to enhance author profiles, promote discoverability of research findings, and how to track publications.

The strategies presented in this workshop can be used for the following purposes:

- Establish author name/profiles
- Utilize new methods of dissemination to supplement traditional publishing methods
- Discover how research findings are being used

The lecture is sponsored by the Washington University Institute of Clinical and Translational Sciences, NIH award UL1 TR000448. Registration is preferred but not required.

Please register or contact Cathy Sarli to have a reminder email sent before the session.

2. BEC Workshop: Navigating the Regulatory Maze

Speaker: Peter Takes, Ph.D., RAC, FRAPS

**November 17, 2015 - 5:30pm, Cori Auditorium, Medical Campus**

Join us for an introductory seminar by Dr. Peter Takes, on the oft-confusing area of regulatory affairs for early-stage entrepreneurs and creators in the areas of Healthcare devices and Life Science products. Dr. Takes will also touch upon working efficiently with regulatory agencies such as the FDA and USDA to get products/services into the market. This seminar is the latest in BEC's Bench to Business Challenge Spring 2016 Workshop Series. No prior experience or expertise in required. Dinner will be provided, so please RSVP here.

Sponsored by BioEntrepreneurship Core

3. Enhancing the Visibility and Impact of Your Research

The CIRTL is an NSF Center for Learning and Teaching in higher education. Washington University is a member of the CIRTL Network.

CIRTL Casts are one-hour, once-a-week sessions throughout the academic year. These sessions are organized around a monthly theme covering some aspect of STEM, pedagogy, and diversity.

Sessions are 1:00-2:00PM ET/12:00-1:00PM CT/11:00AM-12:00PM MT/10:00-11:00AM PT on Wednesdays from September through April; there will be no sessions in December. On the day of a session, we’ll update our event page with a link to the session’s Blackboard room. Simply find the session in the event calendar and click “Join this session.” If you’re new to Blackboard, make sure you review our Blackboard instruction page to familiarize yourself with the software ahead of time.

**November: Building a Rewarding Academic Career**

Building your own STEM career in academia requires juggling so many things: institutional lifestyle, equity and inclusivity, and a substantial research portfolio, to name a few. This month, we’ll dig into several facets of careers in academia with sessions on different types of academic institutions, women in STEM, and bolstering your research portfolio with your very own CIRTL work. This series is organized by University of Texas at Arlington.

**November 18, 2015: How To Balance Your Portfolio: Research Portfolios and the CIRTL Experience**

No session 11/25 or in December.

CIRTL Reads is a monthly online journal club that expands Network participants' understanding of STEM teaching and learning by discussing recent articles in pedagogy and current trends within STEM. Readings will be posted on the series' Moodle page, and participants are asked to submit discussion questions to the CIRTL Reads discussion leader, Dr. Adam Blanford (gtptiger@colorado.edu), at least 24 hours before the scheduled session.
Sessions are 3:00-4:00PM ET/2:00-3:00PM CT/1:00-2:00PM MT/12:00-1:00PM PT on the second Wednesday of every month from September through April. **Ahead of each session,** you'll need to go to Moodle to read the month's article; to access the 2015-2016 CIRTL Reads Moodle page, please [submit a request form](http://www.startupconnection.org). **On the day of a session,** we'll update our [event page](http://academicwomen39snetwork.wildapricot.org/) with a link to the session's Blackboard Collaborate room. Simply find the session in the [event calendar](http://academicwomen39snetwork.wildapricot.org/) and click "Join this session." If you're new to Blackboard Collaborate, make sure you review our [Blackboard instruction page](http://academicwomen39snetwork.wildapricot.org/) to familiarize yourself with the software ahead of time.

**December 9, 2015: Flipped Classrooms in Higher Ed**

**5. Science Policy Webinar**
Care About Science and Policy? Want to Learn How to Do Something About It? Tune in to a new webinar series by the Engaging Scientists and Engineers in Policy (ESEP) Coalition. The goal of [ESEP](http://www.startupconnection.org), an ad-hoc coalition of organizations formed in 2013, is to empower scientists and engineers to effectively engage in the policy making process at all levels of government.

The second in this series will feature Lexi Shultz and Elizabeth Landau of the American Geophysical Union (AGU) and Sue Garman Kranias of Quinn Gillespie and Associates (QGA). This webinar will focus on the toolkits available to those interested in advocating for science policy and how to use them most effectively. See what these science advocacy professionals have to say about the best methods to influence policy makers and ask questions LIVE.

Webinar: Toolkits for Advocating Science Policy

**Wednesday November 18th, 2015 from 4:00p.m. – 5:00p.m. EST, 3pm Central**

Register [Here](http://academicwomen39snetwork.wildapricot.org/)! You must register by November 17 at the above link to attend the webinar, which will be available [here](http://academicwomen39snetwork.wildapricot.org/).

Want to know more? Contact Sean Gallagher at sappagh@aaas.org or Traci Carlson at traci.carlson@aaau.edu.

**6. Academic Women’s Network Fall Event**

Upick2: Dinner & Dialogue
November 18th, 6pm, Bar Italia Restaurant (CWE)
Choose two topic tables of interest – enjoy lively discussions with colleagues - includes wine, dinner & dessert
AWN members $40, non-members $45, on-site $50

Click here to register and pay online: [http://academicwomen39snetwork.wildapricot.org/](http://academicwomen39snetwork.wildapricot.org/)

**7. Startup Connection Pitch Competition and Resource Fair**
Startup Connection Pitch Competition and Resource Fair

**Wednesday, November 18th, 5 pm, Knight/Bauer Hall, Danforth Campus**

Startup Connection gives St. Louis’s top startups the opportunity to present their companies to a packed house of entrepreneurs, investors, and other members of the innovation community. The event combines a startup showcase, resource fair, and is topped off with a fast-paced pitch session.

Register at [http://www.startupconnection.org](http://www.startupconnection.org)

*Part of Global Entrepreneurship Week 2015*

**8. IPH 8th Annual Conference**

The [Institute for Public Health's 8th Annual Conference](http://academicwomen39snetwork.wildapricot.org/), "Prepared for Peril: Readiness and Recovery for Public Health Threats", is being held Thursday, November 19th. This year’s conference will focus on public health threats of all kinds, from climate change and infectious disease outbreaks to natural disasters and civil unrest. Our keynote speaker is [Dr. Stephen Redd](http://academicwomen39snetwork.wildapricot.org/), Director of the Office of Public Health Preparedness and Response at the Centers for Disease Control and Prevention.

This free, half-day event will take place on November 19 and is open to everyone. It will include a keynote address, panel discussion, poster session, and networking opportunities, and will take place on Washington University’s Medical Campus. Preregistration is requested. You can see more and RSVP today at our website here: [http://publichealth.wustl.edu/events/8th-annual-conference](http://publichealth.wustl.edu/events/8th-annual-conference).

**9. Skandalaris Center Lunch & Learn: Women in Entrepreneurship**

Women in Entrepreneurship Lunch, **Thursday, November 19, 12pm**, Mallinckrodt Multipurpose Room (open to all!). Hear from experienced female entrepreneurs and share lunch with others interested in entrepreneurship.

FEATURING: Geetha Sant, WUSTL Law Clinic; Elizabeth Russell, DataDog Health; Abby Cohen, Sparo Labs; Dawn Manske - Made for Freedom

RSVP here: [https://www.facebook.com/events/750054435100579/](https://www.facebook.com/events/750054435100579/)

*Part of Global Entrepreneurship Week 2015*

**10. Non-Tenure Track Careers for STEM Ph.D.s**

**Friday, November 20th, 9am, FLTC Holden Auditorium**

Join [Rachel Dunn, Ph.D.](http://academicwomen39snetwork.wildapricot.org/), Administrative Officer in the Washington University Department of Chemistry, as she discusses the career path that led her from academia, to industry, and back again. Her talk will highlight non-tenure track career options for STEM Ph.D.s,
focusing on her own career choices and offering recommendations for Ph.D.s who seek similar experiences. After completing her Ph.D. in Chemistry and a postdoc, Rachel worked for an analytical chemistry laboratory doing research as well as technical sales and project management. In her current administrative position at Washington University, she interacts with faculty, staff, students, and others on campus to keep the Chemistry Department functioning smoothly. Bagels and coffee will be served, please register at http://dbbs.wustl.edu/Resources/Pages/calendar_event.aspx?EvID=4060

11. Keck Graduate Institute Webinars

KGI is delighted to invite you to attend our Pathways to the Life Science Industry Webinars. Many PhDs could use practice in the development of advanced cognitive skills and broadened perspectives to effectively contribute in the life science industry. In this webinar series, we present examples of career pathways as we emphasize the integration and application of knowledge regarding products, processes, the regulatory environment, intellectual property, the markets, and financial matters. Don't miss these unique opportunities to learn about the careers in the life sciences industry that leverage your unique scientific training and place you on a trajectory to leadership.

**November 20, 2pm - 3pm Central /12pm - 1pm Pacific**

Professional Development for Scientists: Tacit Knowledge and Current Events
_James Sterling, Ph.D., Director of the Postdoctoral Professional Master’s Program_
Keck Graduate Institute, Claremont, CA
Register Now: https://attendee.gotowebinar.com/register/4244127348209537793

**December 1, 2pm - 3pm Central /12pm - 1pm Pacific**

From bench to business: My journey through academia and industry
_Hadi Mirmalek-Sani PhD, PPM, MSB_
Cell Therapy Catapult, London, UK
Register Now: https://attendee.gotowebinar.com/register/3057669639443935233

12. Lab Finances

**Wednesday, December 2, 2015, 1pm, Holden Auditorium**

Running a lab is something like running a small business, in that you have to assess and plan your expenditures and income. Dr. Tamara Doering, Professor, Molecular Microbiology, will discuss 'types' of money and expenses you will encounter as junior faculty and how to think about them. And even if running your own lab seems far off, the information should help you be a more informed lab member and job seeker in the interim!

Register: http://dbbs.wustl.edu/Resources/Pages/calendar_event.aspx?EvID=4009
This seminar is part of the Faculty Career Search Seminar Series.

13. WUPS Coffee Hour

Please come join us on Thursday December 3rd at 9am in FLTC room 213 for one hour Q&A session about developing idea into business and startups. Dr. Mario Ortega, postdoc working in the Neurology department will talk about his experience and the specificity of the IDEA Labs organization (incubator).

Please RSVP at http://goo.gl/forms/uBCsjzgb2N
_Sponsored by the WU Postdoc Society_

14. BEC Workshop: Fostering Partnerships with Big Pharma

Speaker: Harry Arader, MBA

**December 3, 2015 - 5:30pm, Cori Auditorium, Medical Campus**

Latest in the BEC's Bench2Business Challenge Workshop Series, Harry Arader will provide a great overview of how biotech startups can benefit from mutual cooperation with big Pharmaceutical companies in R&D, commercialisation, clinical trials and more. This talk will benefit fledgling healthcare startups tremendously, but no prior experience is necessary!

Dinner will be provided, so please RSVP here!
_Sponsored by BioEntrepreneurship Core_

15. Improv for Professional Communication

Improve your communication skills in this interactive, 2-part Improv for Professional Communication workshop led by Nicholas Tamarkin, Ph.D. The NIH and National Postdoctoral Association (NPA) emphasize the need for scientists to connect with diverse audiences; employers from all sectors value confident speakers and active listeners. The workshops focus on acquiring interpersonal tools vital to conveying the impact of groundbreaking research to lawmakers and the public. You will learn improvisational techniques that will help you think on your feet for networking, teaching, and teamwork, and participate in simple theater exercises that build confidence while emphasizing clear and effective communication. By practicing these basic skills, you will improve your own presentation methods, developing effective strategies for leadership, persuasion, and conflict resolution. To participate, you must attend both sessions: Mondays, Dec. 7 and Dec. 14, 2 pm-3:30 pm, FLTC 214.
Registration for this workshop is full. If you would like to be added to the waitlist or if you would be interested in attending another workshop at a later date, please email Jessica Hutchins at jhutchins@wustl.edu.

16. Postdoc Holiday Party
Mark your calendars! The Annual Postdoc Holiday Party will be Thursday, December 10th at 5:30pm. All Postdocs and a guest are welcome to attend. Details and registration coming soon!
Sponsored by The Office of Postdoctoral Affairs (OPA) and the WU Postdoc Society (WUPS)

17. iBiology Young Scientist Series Competition
Apply for the Second Annual Young Scientist Series Competition: Are you a graduate student or postdoc in biology with a compelling research story that you want to share on the iBiology website? Are you interested in learning how to give one of the best science talks of your career from the Alan Alda Center for Communicating Science? Then apply to be in the Young Scientist Seminar Series by January 11, 2016. Applications will be accepted starting November 2, 2015. More info can be found here: Young Scientist Series Competition. View the talks from last year’s winners here: Young Scientist Seminars

18. The Open Science Prize
The National Institutes of Health has partnered with London-based Wellcome Trust to launch a global science competition for new products or services to advance “open science,” a movement to make scientific research data broadly accessible to the public. Up to six teams of technology experts and researchers stand to win $80,000 each to develop their ideas into a prototype or to advance an existing early stage prototype. The prototype judged to have the greatest potential to further open science will receive $230,000. The first phase of the competition is accepting applications through Feb. 29, 2016. Six teams will be selected based on the advice of a panel of experts to receive the prize money to advance their ideas to prototypes, and will be required to submit their prototypes by Dec. 1, 2016. The overall winner is expected to be selected on Feb. 28, 2017. More information about the Open Science Prize can be found at: http://openscienceprize.org.

19. Postdoc Tuition Benefit
Registration for spring 2016 courses is open! Classes begin January 19th.
Benefits-eligible Postdoctoral Research Scholars/Associates are eligible for the Postdoctoral Tuition Remission Benefit. Postdocs may take undergraduate classes (classes that begin with a 1, 2, 3 or 4) at University College for career development purposes. Postdocs may take up to 4 credits per semester and a passing grade is required. Please visit http://ucollege.wustl.edu and click “Registration” to access course listings, registration procedures and other policies and procedures. Classes must relate to your professional development. Visit http://dbbs.wustl.edu/Postdocs/PoliciesBenefits/Pages/PostdocTuitionBenefit.aspx to review the policy and registration procedures.

Courses You May Be Interested in:
U29 Bio 492 Entering Mentoring - This course is a series of facilitated discussions aimed at developing and improving mentoring skills for those involved in supervising undergraduate research experiences. Graduate students and postdocs do NOT need to be mentoring a student at the time of the course; it is open to all with an interest in mentoring now or in the future. Note: The sessions will be held either at the beginning of the day or the end of the day at the Danforth campus. Once registration closes, an email will be sent to those registered to poll for the best days & times.

U29 Bio 4902 Introduction to Scholarship of Teaching, Thursdays 12-1pm at Danforth Campus
In this course, advanced graduate students and postdocs in STEM will 1) learn the fundamentals of the Scholarship of Teaching and Learning (SoTL)-which is the practice of developing, reflecting on, and evaluating teaching methods to improve student learning, 2) Develop a working knowledge of SoTL, which draws on research in education, STEM education, and cognitive science, 3) Understand how SoTL can lead to the dissemination of new knowledge to a broad audience of educators through publication and presentations, and 4) Develop the central elements of a SoTL project. Prereqs: Must be an advanced graduate student or a postdoctoral appointee with some teaching experience, and must have completed 4 STEM Pedagogies workshops (2 are foundational topics) offered by The Teaching Center or received approval from one of the instructors.

Spring English Language Program Courses: https://courses.wustl.edu/CourseInfo.aspx?sch=U&dept=U15
U15 202 ELP: Talking to Americans: Casual and Professional Conversations
Meeting Time: Mondays 5:30-7:00 PM (Room TBD, Med Campus)
Course Description: This course is intended for individuals with a strong foundation of English fluency who want to interact more successfully in casual and professional settings. Communication strategies are taught through role plays and cross-cultural training techniques. Highlights of the course include practice getting into and out of conversations in unstructured settings (e.g., a networking reception), starting and maintaining group/class discussions, participating confidently in interviews, and discussing contemporary social and academic topics.

U15 213 ELP: Fundamentals of Research Writing for the Sciences
Meeting Time: Tuesdays 4:00-7:00 PM (Room TBD, Med Campus)

Course Description: This course covers grammar, structure, style, and information flow for research articles in the natural sciences. Participants use their own current work to practice writing, proofreading, and editing all sections of a research article. Participants also learn how to make the most of current language learning technology, including textual databases that enable them to find answers to their questions about elements of usage and structure typical for writing in their fields. Several editing workshops and individual tutorial meetings are built into the course to address language issues common to the course participants and to help strengthen participants’ skills at editing their own writing.

U15 270 ELP: Presentations Skills for the Sciences
Meeting Time: Thursdays, 6:00-8:00 PM (Room TBD, Med Campus)

Course Description: In this course for students and professionals in scientific fields who are nonnative speakers of English, participants develop their oral presentation skills. Organization, presentation style, pronunciation, and cross-cultural issues are addressed. Videotaping, individual feedback, and plenty of practice form the basis for assessment. By the end of the class, participants will have produced and practiced a complete presentation about their own research interests.

Attention Postdoctoral Scholars and Graduate Students!
The Society for Postdoctoral Scholars (SOPS) will be hosting our 6th Annual Postdoctoral Research symposium on February 5th, 2016. Mark your calendars for this day of oral and poster presentations and valuable networking opportunities. After a highly successful 2015 Symposium, the 2016 symposium promises to be even better. This year’s symposium is sponsored by the Graduate College and the Provost’s Office, and will be hosted at the Beckman Institute. Our keynote speaker is Dr. Adam Kruse from the School of Music. He will be presenting a keynote lecture entitled “Bring the Noise: Challenging the Relationships Between Hip-Hop and School Music”.

Abstracts submission and registration opens on October 15th, and will be open until January 15th, 2016. The registration fee is $15 for all participants. This includes coffee, a light breakfast, catered lunch, and light evening refreshments at the reception. Abstracts will be considered for either oral or poster presentations. As the number of oral presentations are limited, those abstracts not selected for oral presentations will be offered poster presentations. Graduate students are particularly encouraged to submit abstracts for the poster session. Travel awards will be available. The abstract word limit is 200 words.

For more information, please visit our website: [http://sops.beckman.illinois.edu/current/symposium/](http://sops.beckman.illinois.edu/current/symposium/)
To register, please follow this link: [https://conferences.beckman.illinois.edu/registration.aspx?event=1089](https://conferences.beckman.illinois.edu/registration.aspx?event=1089)

We look forward to seeing you there!

21. OneStart Bio-Entrepreneurship Program

Don’t forget to apply to OneStart - the world’s largest life sciences and healthcare accelerator program

Win $150k to realize your healthcare business idea!

Applications are open NOW until 1st DEC 2015!

This is a call to all individuals with an innovative idea that could tackle humanity’s most pressing healthcare needs. OneStart offers young entrepreneurs the chance to win $150k, free lab space and on-going advice from our extensive mentor network drawn from McKinsey & Co., Johnson & Johnson Innovation, GlaxoSmithKline, AstraZeneca, SR One, Takeda Ventures and more. Many of our graduates have been successful in securing follow-on investment, our alumni raising over $30 million combined!

There is no cost to apply, and applications are open NOW until 1st Dec, 2015.

Learn more at [onestart.co](http://onestart.co) today and start building your winning team.

Who should participate?

Anyone under 36 years old interested in healthcare entrepreneurship.

We welcome applicants from all disciplines and ideas at all stages of development - from a simple idea to a startup with ample data. Moreover we encourage applicants to recruit other scientists, engineers, business students, lawyers, and anyone else with talent and motivation to join your team. Have a fantastic idea but no co-founders; why not assemble your team through our co-founder hub, connecting innovators across the globe.

How does it work?

Again, there is no cost to apply.

Simply fill out our short 2-page application form. Why not check out our article on what makes a great application with our TOP 5 TIPS on how to reach the semi-finals.

Applications are reviewed in Dec 2015 and 35 semi-finalist teams are selected to attend a two-day Biotech Bootcamp based in San Francisco on 19th and 20th Feb 2016. Consisting of workshops and networking opportunities with our mentors and partners. Each team also receives 1-on-1 mentorship from our industry experts over 7 weeks. The program ends with the Finals Gala in Boston on 25th May 2016, at which 10 exceptional finalist teams compete for the grand prize ($150k and free lab space).

Who will you be working with?

You’ll be directly interacting with experts across healthcare and life sciences drawn from pharma, biotech, venture capital, management consulting and more.
Learn more about why individuals such as Matt Foy, a partner at SR One (the corporate venture capital arm of GlaxoSmithKline) and Lynne Murray from MedImmune (the worldwide biologics division of AstraZeneca), are involved with the program on our OneStart Blog.

If you have any further questions feel free to get in touch via jess@oxbridgebiotech.com or reach us through our dedicated discussion forum.

What are you waiting for? Visit onestart.co today. Applications are open NOW. There is still plenty of time to apply. Remember no concept is too early stage.

22. Survey Help - $50 Gift Card
A chance to win a $50 Amazon Gift Card for 3 minutes of your time!
This survey is on behalf of The BALSA Group, a student and postdoc-led organization that consults for biotechnology and life sciences companies in the St. Louis area. The BALSA group is conducting a survey to better understand the resources, equipment, and facilities that researchers use in their respective areas of study. The goal is to compare this list with larger pharma companies' R&D locations. Washington University is a highly collaborative research institution, and knowing more about our resource needs as compared to what pharma companies need to operate will make our researchers and students more informed potential collaborators.

Please help by taking part in this very short 3 minute survey by clicking on this link! If you enter your email at the top, you will be entered into a raffle to win a $50 amazon gift card! Thank you so much for your time!

23. PCOR Symposium
SAVE THE DATE
6th Annual PCOR Symposium at Washington University - April 5-6, 2016
Translation to Policy and Practice
Symposium Highlights:
- Keynote Presentation on How to Create Value to Stakeholders for Implementation
- Dialogue Panel for Junior Investigators to Receive Advice from Established Investigators
- Working Groups to Discuss Key PCOR questions
Symposium Planning Committee: Mary C. Politi, PhD, Victoria F. Fraser, MD, Graham A. Colditz, MD, DrPH, Wil Franklin, MS, LPC, Timothy McBride, PhD, Kaharu Sumino, MD, MPH, PhD, Tanya M. Wildes, MD
PCOR - Patient Centered Outcomes Research Center

24. WUSM Lactation Resources
Did you know that both Washington University School of Medicine and Barnes-Jewish Hospital have formal Workplace Lactation Policies? A campus-wide initiative was launched in 2014 to promote and support breastfeeding mothers as they work, study or visit our campus. Since the launch, additional lactation spaces have been designated, and existing spaces have been renovated. You can find more information on lactation rooms and other lactation resources on the WUSM Facilities Management Department website.

25. Security at WUSM
As daylight savings time has ended, it is dark in the early morning and early evening. To ensure the safety of our students, faculty and staff, WUSM Protective Services offers the following information:
General Awareness Crime Prevention Tips:
• Pay attention to your surroundings.
• Utilize shuttle and bus services as available.
• Call Protective Services for a security escort as needed @ 314 362-4357 (HELP).
• Don’t walk alone, especially during hours of darkness.
• Walk in well lighted areas; plan your route; vary your route.
• If confronted, cooperate with any requests for property, then report to Security or Police immediately.
• Keep your cell phone charged and available, but not overtly.
• Pay attention to your surroundings.
Helpful Links:
Personal Safety Escorts: http://facilities.med.wustl.edu/security/services-provided
General Security Information: http://facilities.med.wustl.edu/security
For any security issues, please call Protective Services at 314-362-4357.

**WUSM Campus and DeBalieviere/Central West End Shuttles Not Running November 26th and 27th
Due to the Thanksgiving holiday, there will be no shuttle service around campus nor into the neighborhoods. This includes campus shuttles as well as Skinker, DeBalieviere and Central West End shuttles on both Thursday, November 26th and Friday, November 27th.**
If you have any questions, please contact WUSM Protective Services at 314-362-4357.

**POSTDOC HOODIES!**
We are down to 1 small and 3 large postdoc hoodies in navy blue. Stop by the office between 9am-4pm to purchase your hoodie, on sale for $15 each, cash only please and exact change is appreciated. Questions? email postdoc@wusm.wustl.edu.

**Don’t forget to check out the DBBS Jobs Board at [http://dbbs.wustl.edu/jobs](http://dbbs.wustl.edu/jobs).** We have posted Career positions and postdoctoral positions both at WU and elsewhere. The board is self-service, so feel free to post jobs, or forward the site to others who may want to post a job.

**We are on Facebook & Twitter!** The audience for both accounts is current WU postdocs but they are open anyone, so please like our FB page and follow us on Twitter! We’ll be posting info about OPA & WUPS events and Career Center activities as well as other events and items of interest to postdocs. You can find us at:

**Facebook:** [https://www.facebook.com/OPA.WUSTL](https://www.facebook.com/OPA.WUSTL), Washington University Office of Postdoctoral Affairs

**Twitter:** @WUSTLPostdoc, WUSTL Postdoc Office  [http://twitter.com/wustlpostdoc](http://twitter.com/wustlpostdoc)

We also have a [Linkedin Group](https://www.linkedin.com/company华盛顿大學圣路易斯分校博士学位后) for current & alumni postdocs – [Washington University in St. Louis Postdocs](https://www.linkedin.com/company华盛顿大學圣路易斯分校博士学位后) - please join if you haven’t already. This is a private group for career development and networking and is meant to help postdocs keep in touch, especially after they complete their postdoc.
