Defense

Defense Date: _____ Graduation Date: _____
May - December - August

Last day worked in the laboratory as a student _____.

Stipend Support

Stipend support can continue no longer than 6 weeks after the graduation date*

*International students can only receive payment after graduation if they have already received their OPT card. As the process to obtain the OPT card takes significant time, international students should consult with OISS at least 3 months before completion of the requirements for the degree.

Student Health

Full student health services will cease the last day of the month in which you finished work in the laboratory. A 30 day grace period extending through the following month will provide 80% coverage for emergency room and hospitalization benefits. Medications are not covered during the 30 day grace period. Prescriptions will be written if necessary and the student will be responsible for these costs.

It is the responsibility of the student to contact Student Health to request more information concerning coverage after 30 day grace period.
